January 1st. 1936.

Mr. Stelios J. Kyriakides,
Municipal Corporation,
P.O. Box 89,
Limassol, Cyprus.

Dear Sir,

We are in receipt of your letter of the 21st. December, and quite understand that with the duty you had to pay and the carriage we had to charge on the invoice you cannot sell the Elliman Athletic Rub at the price of 1/- per bottle in Cyprus, but it is generally understood that foreign products are dearer than those manufactured in one's own country.

We note you will be sending us the balance of our account early this month, namely, £1.9.7., and on receipt of this we shall be quite willing to send you 6 dozen small and 2 dozen large bottles of the Athletic Rub, although as regards charges it would be perhaps better to send you only 3 dozen small and 1 dozen large at one time.

Yours faithfully,

ELLIMAN, SONS & Co., LTD.

F. Stephens
