The Boston Athletic Association has been in official receipt of the wreath of laurel plucked on Acropolis, and also the Athenian medal of victory, both gifts of Ambrosius Tlytas, Mayor of the city of Athens.

Stylios Kyriakides, Greek Marathon champion training here, brought both prizes to this country, and they will be presented to the winner of next Tuesday's 26-mile foot race by George Demeter.

Kyriakides has trained so impressively over the local course that his Greek following in Boston has expressed confidence that the pleasant, popular Athenian will also take the wreath and the medal back with him.
