

Translation

Athens, 1st May, 1946.

The Manager,  
Athens Piraeus Electricity Company,  
A t h e n s.

Sir,

By your gesture to send our athlete Kyriakides to Boston to take part in the 50th international Marathon race you have added to our poor land as much glory as our army did at the Albanian front.

If my voice had any influence on the Government, I would suggest your being put on the same rank as our national heroes. Being unable to do so, may I request you to accept the warmest congratulations of one of your employees.

I have the honour to be,

Yours sincerely,

(Signed) GEORGE PATRICALAKIS  
Phaleron Power Station.
