Dear Russell Farnsworth:

Thank you for your congratulations and also for your prayers which helped me, I know.

Kelley is a great runner and is a great sportsman. We raced together shoulder to shoulder for 24 miles.

Greece is a sublime subject for study.

I was in the German Olympic Games and finished eleventh in the Marathon.

Your friend,

Dear Jim Brown:

It was wonderful to hear from you--and having Miss Gorham from famous Wellesley College as your teacher, I am sure, is an inspiration to all of you. I raced very strong that Saturday in front of Wellesley College--her good wishes must have been with me.

Greece is a fine subject to study. I am glad you like it.

Your friend,
