

my dear Mr. Kyriakides.

Please accept my small donation to the Greek people in honor of your heroic race.

I have no respect for beggars but when a man is willing to give his life for his people I give my unstinted admiration. By "beggars" I am thinking of the German men who sat around lakes and mountain resorts and laughed at our American soldiers who did "clean-up" duty in Germany. This information was printed in our papers last fall, and my son saw it.

To Greece and your efforts  
Good luck! Sincerely,

Margaret Whang.  
Please do not waste stamps by acknowledging my small gift.
