Dear Mr. Kyriakides,
Here is an entry form for the Polytechnic Marathon which His Majesty the King is starting from Windsor Castle on the 15th June, 1946. You will remember I told you about it when we met at Boston. You will be very welcome to England. You will need to send a letter

from your National Athletic Association verifying ~~to~~ your bona fides as an amateur and your eligibility to compete under the International Amateur Athletic Federation laws.

I cannot say how much I think you would enjoy running in this race, I do hope you can come.

I was so happy that you won at Boston, no one deserved victory more than you did.

With every good wish for the future and hoping to see you in June.
Yours sincerely,
Kenneth H.H. Barry
