

To The Managing Director,
Athens Piraeus Electricity Co.,
Athens.

7th December, 1951.

Dear Mr. Kemp,

I respectfully beg to submit this application asking for your approval of a 10 days leave of absence from the Company.

My reason is that my two young children are studying foreign languages at a College in my native land Cyprus and I would like to spend the Christmas' and New Year's holidays there.

It is the first time my children are away from home and you can realize dear Sir, how happy they will be, if I stay with them these 10 days.

I shall be very grateful if your kind consideration is given to this matter.

Yours respectfully,

(S. Kyriakidis)
