

## Subject Index

academic led publishing	308	electronic books	305
academic publications	211	electronic publishing	85, 305
academic publishing	308	epistemology	6
advocacy	34	fair open access publishing	118
altmetrics	138	flipping existing subscription journals	118
analytical framework	153	funding agency	34
APCs	118	governance	245
Argentina	153	Greece	138, 305
ArXiv	100	grey literature	85, 308
astrophysics	100	Horizon2020	56
author fund	44	humanities	75
author fund policies	44	Huntington's Disease	1
benefits	153	hybrid model	44
bibliometrics	138	inclusive open science	18
biomedical text processing	182	inclusive science	293
Caribbean	245	institutional repositories	217
case-study	153	intellectual property	211
citizen science	75	knowledge	6
civil society	269	knowledge commons	245
club economics	6	knowledge diversity	18
co-production of knowledge	257	library publishing	308
cognitive justice	293	linked data	235
collaboration	18, 293	local knowledge	269
collection development	283	measurement of open access	217
collective action	6	metadata	217, 235
consortium	283	named entity recognition	182
contextualised openness	18	non-patent literature (NPL)	211
controlled vocabularies	245	open access	1, 6, 44, 56, 129, 217, 257, 305
cultural heritage	235	open access mandate	34
cultural science	6	open access policy	34
culture	6	open commenting	100
current research information systems (CRIS)	217, 227	open data	1
Cyprus NOAD	56	open library of humanities	118
data analysis	174	open notebook	1
data archiving	174	open peer review	62
data discovery	174	open scholarly journals	129
data life cycle	203	open science	1, 56, 62, 100, 129, 153, 293
data sharing	174	OpenAIRE	56
data visualization	203	OpenEdition	75
digital workflow	203	openness of research	269
disaster recovery planning	245		
discourse	257		

openness	6	science shop	269
OpenUP	62	scientific blogging	75
ORCID	227	scientific literature	211
paper influence and citation	182	situated science	18
participation	257	social media metrics	138
participatory research	269	social responsibility	269
patent examination	211	societal impact of research	34
patents	211	standards	235
policy	257	subscriptions	283
preprint	1	supervised semanticization	182
public policy	85	sustainable development	18
repositories infrastructure	203	sustainable model for scholarly communication	118
repository(ies)	1, 227, 308	UCAD	269
research data	174	vulgarization	75
research data management	203	web 2.0	100
research impact	138	web technology	235
review alternatives	62	word sense disambiguation	182
right to research	293		
scholarly journals	129
