Make Progress.

This map displays people being denied access to the research they both need and paid for. Put yourself on the map using the Open Access Button to tell the world you are being denied access to knowledge. Using the Open Access Button will make the individual moments of injustice and frustration visible to the world.
Make Progress.

This map displays people being denied access to research they both need and paid for. Using the Open Access Button will make your individual moments of injustice and frustration visible to the world. Go to openaccessbutton.org to explore the map further and tell the world you are being denied access to knowledge.
Open Access Button

We can help you get access to research

We all know the frustration of finding the research paper you need, but you can’t afford the $40 to access it. The Open Access Button helps you get the research you want right now, and adds papers you still need to your wishlist.

Access a world of open research with the Open Access Button community

Open Access Button
openaccessbutton.org

@OA_Button
How the Button Works

**Push Button.**

The next time you're asked to pay to access academic research, push the Open Access Button on your phone or on the web.

**Get Research.**

The Open Access Button will search the web for a version of the paper that you can access immediately. If that doesn't work, the Button will email the author and look for more information about the paper.

**Make Progress.**

If you get your research, you can make progress with your work. If you don't get your research, your story will be used to help change the publishing system so it doesn't happen again.
Download the Open Access Button from openaccessbutton.org. The next time you're asked to pay to access academic research. Push the Open Access Button on your phone or on the web.
Get Research.
