LIMASSOL
CLUB

Dear Kyriakides.

My wife and I are leaving here on the Hoya - Lestimo boat - S.S. "EGEO" - on the 23rd May. We shall have about 8 hours in Piraeus and we want to take a car and go round Athens to see the sights.

Now would it be possible for you to get permission from your firm and come and meet us at Piraeus with a car? And then guide us round and show us the principle sights of interest and act as interpreter and guide generally?

As you know, in a strange country, without a guide, visitors get swindled and do not see the things which they want to see.

If it is at all inconvenient for you to do this; please do not trouble

yours sincerely.

E. B. Humphrey.
