Dear Stelios,

Your photograph has just arrived. Mr. George Demeter brought it to the studios, and I am delighted to have it.

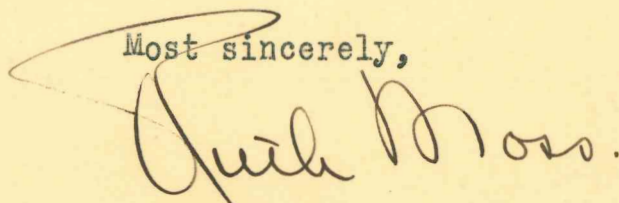

I had thought perhaps you had forgotten my request for a photo to remember you by, - but now, you are quite forgiven, and the picture will make a bright addition to my interview-collection.

I am thrilled to know that you won the Greek Marathon Race and hold the title of Champion for 1938. Congratulations! Are you coming to the United States again to enter our annual race?

Probably by this date, you have married the charming girl of whom you spoke in our broadcast. Good luck to you, and great happiness in your married life!

And thank you again for the fine photograph.

Most sincerely,

RUTH MOSS.
