Korai 4,
Athens, Greece.

Dear Sir,

We have been honored with a visit by Mr. Kyriakides. You could not have chosen a more pleasing personality and ambassador of goodwill.

He not only succeeded in arousing the patients interest in the Marathon, but also achieved a closer relationship and a more sympathetic understanding of the hardships now prevailing in Greece.

I am confident that the Greek people will rise once again to their former greatness. With such a heritage stemming from "The Golden Era" they cannot fail.

In behalf of the patients at Lovell General, please accept our thanks for making Mr. Kyriakides' visit possible.

Sincerely yours,

Mr. Stanley Kyriakides,
Minerva Hotel,
Huntington Avenue,
Boston, Mass.

Dear Mr. Kyriakides,

Please accept our thanks for your efforts in behalf of the patients at Lovell General.

You have not only succeeded in re-arousing their interest in sports, but also achieved a closer relationship between our two Countries that have so much in common in the sports world.

The enthusiastic response of the patients expresses better than I possibly could their appreciation for your kindness in visiting them. Thank you again.

Sincerely yours,
