Dear Clark Whitney:

Thank you for your congratulations, Clark. I also want to congratulate you for your fine drawing of "Achilles of Ancient Greece."

I was in the German Olympic Games in 1936 and will race in the Marathon in the London Olympic Games in 1948. I have been a runner since 1933.

You are correct: I raced about 10 $\frac{1}{2}$ miles an hour.

Dear David Hinchman:

I finished eleventh in the German Olympic Games in 1936 and hope to do better in London in 1948. It is a very difficult course.

Study well your subject on Greece. It will make you a better American. I am so glad you plan visiting Greece someday. Try to remember her great monuments which you will see in person later on.
