May 3, 1946

Dear Tony March:

Yes, I had a divine inspiration to win your great Marathon--for my country which is poverty-stricken. You wonderful American people have already helped us so much.

The food you plan sending will help my people.

I raced and finished eleventh in the German Olympic Games in 1936. I shall race in the London Olympic Games in 1948.

If only I could have the boys of your Form II Class in London. I feel already I can win the Marathon Race, then, also I know you will all be with me in spirit.

Your friend,

STYLIANOS KYRIAKIDES
