

# The Boston Globe

BOSTON 7 MASS.

The 26th Day of April

My dear George -

Just a note to express my enjoyment at having been your guest at dinner the other evening. I think I shall always treasure the memory of this boy ... his refreshing character, wholesome attitude, and tremendous sincerity. I cannot write of him, ever, as merely a great athlete - but always as a friend, much admired.

I just received a note from an old friend of yours, by the way - James Vlamos of the National Herald. He has reprinted my Sunday story on Stanley, and said it was your picture attached to it which led him to read it before reading other stories of the race. He was very flattering in his appraisal of it.

Over

Very truly yours

*Jerry Mason*
