Dear Stanley:

As we discussed on the telephone the other morning, I explained to the Portland, Maine committee that because of a slight injury that you suffered in Saturday's 10-mile race, it would be impossible for you to be with ^{them} last Sunday.

They are all 100% behind you and told me to tell you that they will be rooting for you on April 19th to repeat your glorious performance of last year.

A big affair is being planned for Tuesday, April 15th and you can greatly help the Greek War Relief cause and at the same time get some good publicity for yourself by being present in Portland at that date. I will discuss transportation arrangements with you later and thoroughly appreciate your cooperation in helping us in this current campaign.

Sincerely yours,

John H. Sullivan
