

I love you ... did you not understand  
that?

you just understood that from a long time  
you must have told me "I love you"

Me: I don't know how many times I told  
these words but you did not hear it

you kiss me ... I love you. I loved every day  
but <sup>only for 0.20</sup> ~~only~~ for once. I gave my heart  
to you. only once

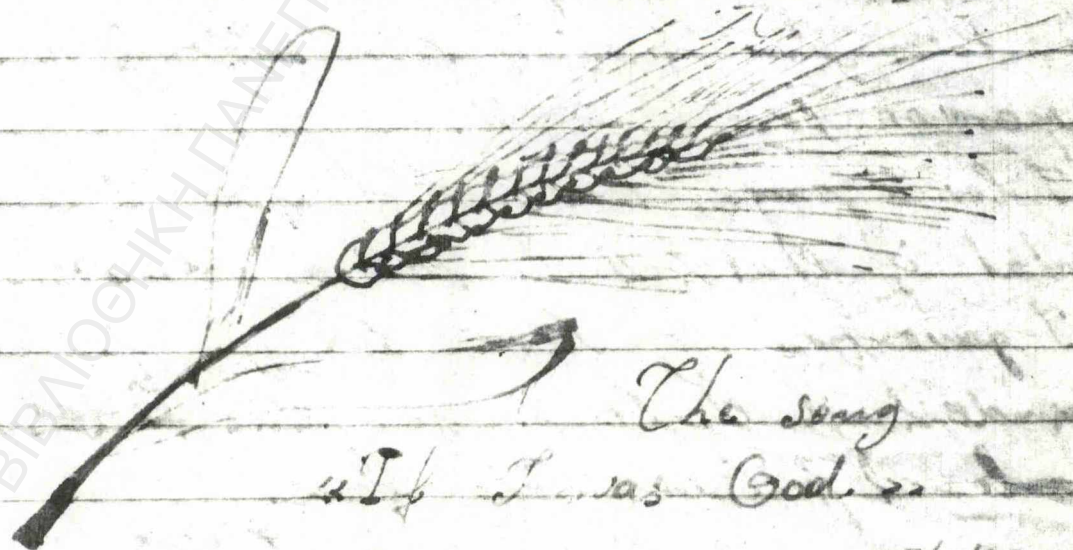

I understand you.

you said tell me that we will be always  
together. I want to sweat me that

I sweat

yes you sweat but will be held his
